

The Department of Physics & Electronics GC (A), Rajahmundry

A brief Report on
Guest Lecture by
Dr. D. Pamu, Senior scientist, Professor, IIT Guwahati
Conducted on 24th Nov 2023

Date : 24th Nov 2023

Name of the Event : Guest Lecture

Topic : Energy Storage Devices

Name of the Resource Person : **Dr. D. Pamu, Senior scientist, Professor, IIT Guwahati**

No of participants : 59

Objective : 1. **To make the students aware of energy crisis at present situations**
2. **To aware the students about the available technology for energy storage**

Procedure : **A circular/whatsApp message was sent to all PG and UG students to attend the lecture. A flier was also released**

Summary of the event : **Dr D Pamu sir has explained about the energy crisis in present situations in the overall world. And created an awareness among the students(ug and pg) about the available technology for energy storage. He encouraged the students to choose a career path in a way to develop technology in this energy creation as well as energy storage. The students got clarified their doubts with a nice interaction with Dr Pamu sir**
