

## National Handloom Day

Women faculty members of Political Science, Public Administration and Social Work have observed the National Handloom Day by wearing Khadi sarees on August 7, 2023. To highlight the need to protect environment and promote handloom-woven fabrics and in-line with the theme 2023, 'Handlooms for Sustainable Fashion,' they have made themselves as an example to others. Initiative was lauded by other faculty members working in various departments.
