Guest lecture on

PHYSICS AT BARC

by

Sri V. Nataraju,
scientific officer-H,

Guest Lecture by Sri. V. Nata Raju, Scientist-H, BARC, Mumbai

Sri. V. Nataraju, Scientist-H, BARC, Mumbai, has delivered guest lecture on **PHYSICS** at BARC.

Date: 24-06-2022

Time: 10.00 am

Venue: Mana TV

- He explained about different types of research domains available in Bhabha Atomic Research Centre (BARC), Mumbai and its associated centres located in different areas of India.
- Sir, also discussed about different specific areas in which scientists are actively involved to explore new things. The potential applications of various research activities are also discussed in his lecture.
- PG and UG students are attended in this guest lecture. A total of 100 students are attended and 20 faculty member are also participated in this lecture.

Guest Lecture by Dr. Senthil Kumar Pandian, Scientist, SSN Eng. College, Chennai

Dr. Senthil Kumar Pandian, Scientist,
SSN College of Engineering, Chennai.
Dr. Senthil sir has given guest lecture
on different types of single crystals
and their growth.

Date: 25-06-2022

Time: 11.00 am

Venue: Mana TV

- He explained about different types of single crystals and different techniques for growing the crystals.
- The potential applications of these crystals are also discussed in his lecture.
- PG and UG students are attended in this guest lecture. A total of 75 students are attended and 25 faculty member are also participated in this lecture.

Guest Lecture Dr. Pratap Kollu, University of Hyderabad, Hyderabad

Dr. Pratap Kollu, University of Hyderabad, Hyderabad.

Date: 24-06-2022

Time: 2.00 pm

Venue: Mana TV

- The guest lecture on “Career opportunities for physics for physics post graduate students” is given by Dr. Pratap Kollu, University of Hyderabad, Hyderabad.
- Sir has discussed about several career opportunities in Bhaba Atomic Research Centre (BARC) as scientific officers.
- Dr. Pratap is also discussed about the several ways to Pursuing the research in prestigious research institutes like IISC Bangalore, IIT’s and Central Universities.
- The offering jobs by ISRO and ONGC as Scientist are also explained by him.
- A total of 60 PG Physics are attended this programme.
