## **About the Program**

Department of Computer Science celebrated Ada Lovelace Day on October-10th– a day dedicated to honouring the remarkable achievements of women in STEM. It is not just any ordinary day; it is a day that reminds us of the indomitable spirit and brilliance of Ada Lovelace, who laid the foundation for modern computing as one of the world's first computer programmers. Her contributions to science and technology continue to inspire countless women around the globe to pursue their passions in fields traditionally dominated by men.

On this special day, Department of computer Science conducted a power presentation competition make our students delved into Ada Lovelace's and other woman who made extraordinary contributions in STEM fields.

## **Objective of the Program**

This program encouraged our **girl** students to explore the extraordinary life of women scientists in STEM fields. Their legacy continues to shape our present and future. On the occasion of ADA LOVELACE DAY department of Computer Science organized PowerPoint presentation on different themes.
