

## BIOTECHNOLOGY (FIELD VISITS -2)

FIELD VISIT to VERMI  
COMPOST UNIT

29  
/11/2023

In learning about the process of making organic compost such as vermi compost as a part of BIOFERTILIZERS & BIOPESTICIDE PRODUCTION a field visit may help in more understanding of the subject from the ground level and so III BBC & AGRO BBC students are taken to a field trip to a vermi compost unit at GAIL running by municipal cooperation in rajahmundry
