

BIOTECHNOLOGY (FIELD VISITS -2)

**FIELD VISIT to ORGANIC FARMING
FIELD**

02
/12/2023

In learning about the process of ORGANIC FARMING a field visit may help in more understanding of the subject by understanding the importance of organic farming and the need for the sustainable world and the problems faced by farmers at field level and so B.Sc Biotechnology students are taken to a field trip to an organic farming field(P.A.R.K Mango farm) in Vadiseleru.East Godavari district.

Biofertilizers Collection / Fertigation = Fertilizers+Irrigation
