

The Department of Physics & Electronics GC (A), Rajahmundry

A brief Report on **Unveiling the future : A trip to AKNU,RJY** On 22nd April 2024

Date : 22nd April 2024

Name of the Event : Student Co-curricular Activity

Topic : Unveiling the future : A trip to AKNU,RJY

Name of the Resource Person/organizer : Smt. B Durga Lakshmi

No of participants : 20(I & II PG students)

Objective : 1.To make the students attend a research seminar and learn about fascinating topics 2. To meet experts in different fields, and clarification of their doubts regarding their future

Summary of the event :

A total of 20 individuals visited the AKNU campus in Rajahmundry on April 22, 2024. Among them were 10 from the II PG, 8 from the I PG, and 2 faculty members, namely Smt. B Durga Lakshmi and Dr. D Sanjeev Kumar.

- During the visit to AKNU,RJY, the students engaged in a fascinating research lecture on Research Methodology led by Dr. G Bhagavannarayana from 2:30 pm to 4:00 pm.
- The lecture showcased practical examples of cutting-edge Research and Development (R&D) concepts, capturing the essence of the research process.
- Post-lecture, the students had the opportunity to wander through various research laboratories situated on campus. They observed firsthand the innovative experiments and projects being conducted by researchers, gaining insights into the world of scientific exploration.
- Additionally, the students visited the campus library, a hub of knowledge and information. They delved into various books and resources, nurturing their curiosity and expanding their understanding of different research areas. This experience opened their

eyes to the vast possibilities and exciting prospects that the field of research holds.
